Background

This report consists of the results from the sixth annual Algonquin Community Survey which was conducted in 2017. Goals of the survey are to evaluate municipal services and resident's perceptions of the community, identify trends, and develop strategies for future service delivery. Project information and historic reports are available at: www.algonquin.org/survey.

Project Summary

In September 2017, the Algonquin Community Survey was sent to randomly selected households in the community. Village staff was responsible for designing, administering, tabulating, and reporting the results of the Algonquin Community Survey. All Village department heads were given an opportunity to review draft versions of the survey and make suggestions on changes to be made. Every year, the Algonquin Community Survey instrument is reviewed and evaluated to determine any necessary modifications in the survey format needed to accurately capture resident opinions, while maintaining its integrity for meaningful year-to-year analysis.

The three-page survey was mailed to 1,500 randomly selected residents on September 21, 2017. Residents were given 22 days to complete and return the survey. During the fall months of 2017, staff entered raw data into Microsoft Excel. Following entry into Excel, data was analyzed and various cross-tabulations were performed. Cross-tabulations allow users the ability to "drill down" within the results to see how certain segments of the population responded. For example, results can be broken down by age, gender, location of household, and length of residency. This information is useful in identifying underlying trends.

Sample

This survey included a random sample of 1,500 residents. The Village's water/sewer utility billing database and listing of all multi-family residential units were used to generate this sample.

Margin of Error

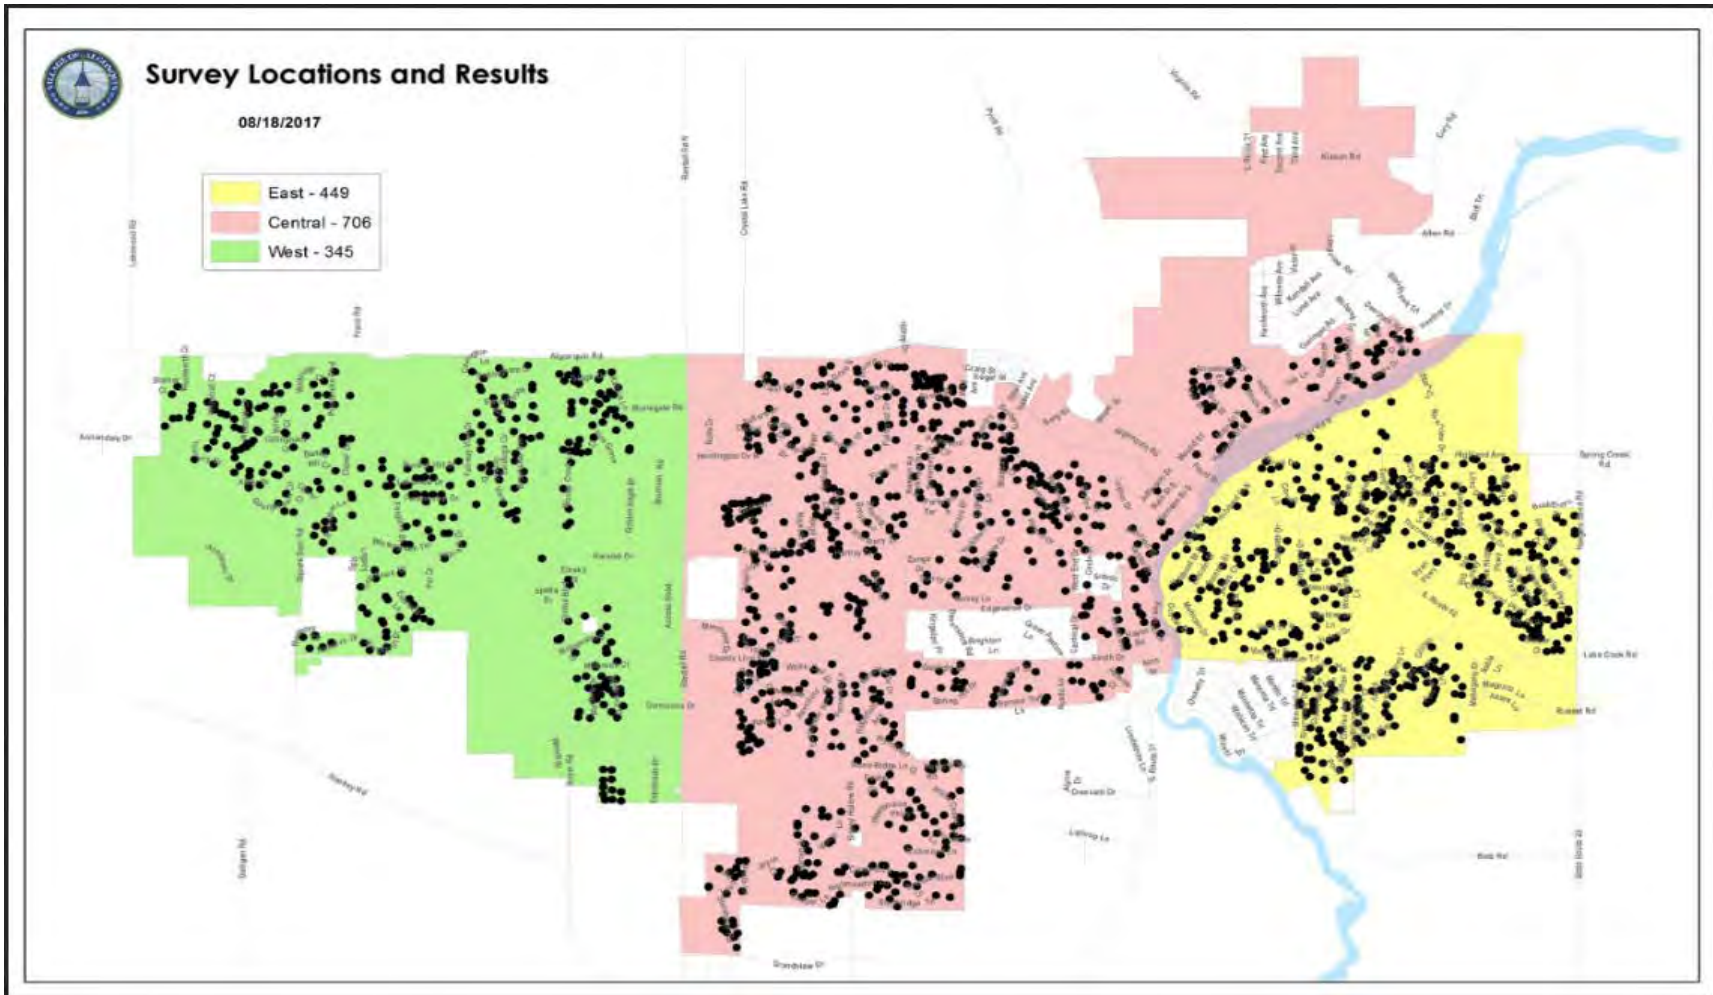

The Algonquin Community Survey was conducted with a 90% confidence level and a margin of error of 5%, plus or minus. Based on the survey responses received, 90% of the time, the results of a survey should differ by not more than 5% in either direction from what would have been obtained by surveying all residents in Algonquin's population base.

Report

This report summarizes the results for each question in the survey and reports on any variances in attitude or perception where significant among demographic subgroups. This survey also reports year-to-year comparisons to help identify trends and changes.

Sample Distribution and Response Rate

Of the 1,500 surveys distributed, 272 were returned for a 18.1% overall response rate. Further delineating response rate by geography, residents East of the Fox River had a 20.5% response rate, residents west of the Fox River and east of Randall Road had a 15.7% response rate, and residents west of Randall Road had a 17.7% response rate. A total of eight respondents did not indicate in what area of Algonquin they resided.

2017 Algonquin Community Survey

Dear Resident:

Your household has been selected at random to participate in a project that will help shape the future of Algonquin. You are one of approximately 1,500 randomly selected residents who have the opportunity to participate.

The 2017 Community Survey will be used to help the Village Board make decisions that affect our community. The results will also be used as a baseline comparison with other future surveys to track the Village's progress in meeting community needs, so we do hope you will participate.

To ensure survey results are truly representative of resident opinion, it is very important that each survey be completed and returned by an adult (anyone 18 years or older) in your household. **We ask that you respond as soon as possible, but no later than October 13, 2017.**

Results are reported in aggregate form; therefore, **your responses will remain completely anonymous.** If you have any questions about the 2017 Community Survey, please contact the Village Manager's Office at 847-658-2700, or contact us online at www.algonquin.org.

Thank you for your interest and involvement in this project. We look forward to your participation in shaping the future of Algonquin!

Sincerely,

John C. Schmitt
 Village President
