

# CarMax / Huntington Detention / Arbor Hills Restoration

## Project Information

The **CarMax/Huntington Detention/Arbor Hills Restoration** project will ecologically restore three parcels that drain into the Randall Road wetland.

**Work Area:** Arbor Hills Nature Preserve, Huntington Drive Detention Basin, and CarMax open space.

## Project Schedule

**Construction Year:** 2023

## Project Details

- Clearing of invasive species present at the sites.
- Planting of native prairie, wetland, and savanna species.
- Maintenance of the sites under the Village's natural area maintenance program.
