SUBJECT: *Special Event – Clarendale Car Show, July 8, 2018*

Clarendale of Algonquin has applied for a Special Event Permit for a Car, Truck and Motorcycle Show on Sunday, July 8, 2018. Committee and Board approval is required due to their request to have a DJ and amplified music and announcements at the event.

The event will be daytime, running 10:00 am to 3:00 p.m., thereby minimizing concerns over the amplified music creating noise issues with nearby homes to the north and south.

Parking will be across Algonquin Road in a variety of private parking lots (Clarendale staff is currently making arrangements with the property owners to provide for this). Clarendale will run their vans as shuttles to and from the parking areas, thereby minimizing pedestrian crossings of Algonquin Road.

In addition, Clarendale has secured Lake in the Hills police for traffic control during the event, further minimizing impacts on Algonquin Road or concern over pedestrians and the busy roadway. Porta-potties and handwashing stations will be provided for public use.

The event is a fundraiser for the Alzheimer's Association, so it is recommended that the event fees be waived for a non-profit entity. Further, Clarendale has requested a 5 by 10 sign be allowed to promote the event. Normally such signs are limited to 4 by 8, but in this case the additional size is needed due to the location on Algonquin Road.

The application and event planning are in order, consensus to move this forward for Board approval is recommended.

SUBJECT: 2018 Prevailing Wage Rates/Ordinance

Per state statute, the Village is required to pass an ordinance establishing prevailing wage rates on an annual basis for public works projects. The Prevailing Wage Act requires contractors and subcontractors to pay laborers, workers, and mechanics employed on public works construction projects no less than the general prevailing rate of wages (consisting of hourly cash wages plus fringe benefits) for work of a similar character in the county where the work is performed.

Attached is an ordinance for your consideration establishing the prevailing wages, fulfilling our requirements under the act. Also attached are the June 2018 rates for Kane and McHenry Counties.

SUBJECT: *Asphalt Bike Path Repair Bid*

Bids were opened on May 31, 2018 for contracted service for asphalt bike path repair. There were 3 bidders on the program with Chicagoland Paving out of Lake Zurich coming in the lowest at \$107,500.00. This contract will remove and replace approximately 3,247 square yards of failed bike at various locations throughout the Village.

Please note that the bid as read was for \$107,800.00 due to a calculation error on the contractor's bid tab. However, with the corrected amount of \$107,500.00, Chicagoland Paving is still the low bidder.

Public Works has used Chicagoland Paving in the past for tennis court re-surfacing and parking lot maintenance and we found their service to be excellent. Provided references were also checked with favorable results.

Money has been budgeted in the Motor Fuel Tax Fund to pay for this service. Therefore, it is our recommendation that the Committee of the Whole take action to move this matter forward to the Village Board for approval of Chicagoland Paving to perform asphalt bike path repair for the bid price of \$107,800.00.

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.

2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

DATE: June 4, 2018

TO: Tim Schloneger, Village Manager

FROM: Michele Zimmerman, Assistant Public Works Director

SUBJECT: *Concrete Curb, Sidewalk and Driveway Removal & Replacement Bid*

Bids were opened on May 31, 2018 for contracted service for concrete curb, sidewalk and driveway removal and replacement. There were 7 bidders on the program with D'Land Construction out of Algonquin coming in the lowest at \$382,900.00.

Public Works does not have any experience with this contractor but provided references were checked with favorable results.

Money has been budgeted in the Motor Fuel Tax Fund to pay for this service. Therefore, it is our recommendation that the Committee of the Whole take action to move this matter forward to the Village Board for approval of Chicagoland Paving to perform asphalt bike path repair for the bid price of \$382,900.00.

Route	Removal and Replacement

The certifications hereinafter made by the bidder are each a material representation of fact upon which reliance is placed should the Department enter into the contract with the bidder.

1. **Debt Delinquency.** The bidder or contractor or subcontractor, respectively, certifies that it is not delinquent in the payment of any tax administered by the Department of Revenue unless the individual or other entity is contesting, in accordance with the procedures established by the appropriate revenue Act, its liability for the tax or the amount of tax. Making a false statement voids the contract and allows the Department to recover all amounts paid to the individual or entity under the contract in a civil action.
2. **Bid-Rigging or Bid Rotating.** The bidder or contractor or subcontractor, respectively, certifies that it is not barred from contracting with the Department by reason of a violation of either 720 ILCS 5/33E-3 or 720 ILCS 5/33E-4.

A violation of Section 33E-3 would be represented by a conviction of the crime of bid-rigging which, in addition to Class 3 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be barred for 5 years from the date of conviction from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

A violation of Section 33E-4 would be represented by a conviction of the crime of bid-rotating which, in addition to Class 2 felony sentencing, provides that any person convicted of this offense or any similar offense of any state or the United States which contains the same elements as this offense shall be permanently barred from contracting with any unit of State or local government. No corporation shall be barred from contracting with any unit of State or local government as a result of a conviction under this Section of any employee or agent of such corporation if the employee so convicted is no longer employed by the corporation and: (1) it has been finally adjudicated not guilty or (2) if it demonstrates to the governmental entity with which it seeks to contract and that entity finds that the commission of the offense was neither authorized, requested, commanded, nor performed by a director, officer or a high managerial agent in behalf of the corporation.

3. **Bribery.** The bidder or contractor or subcontractor, respectively, certifies that it has not been convicted of bribery or attempting to bribe an officer or employee of the State of Illinois or any unit of local government, nor has the firm made an admission of guilt of such conduct which is a matter of record, nor has an official, agent, or employee of the firm committed bribery or attempted bribery on behalf of the firm and pursuant to the direction or authorization of a responsible official of the firm.
4. **Interim Suspension or Suspension.** The bidder or contractor or subcontractor, respectively, certifies that it is not currently under a suspension as defined in Subpart I of Title 44 Subtitle A Chapter III Part 6 of the Illinois Administrative Code. Furthermore, if suspended prior to completion of this work, the contract or contracts executed for the completion of this work may be cancelled.

RE: Tennis Court Bid Recommendation

I am in receipt of the final bids for tennis court repairs. The bids received are as follows:

	<i>Base Bid total:</i>	<i>Alternate Bid Total:</i>	<i>Total:</i>
U.S. Tennis Court Const.	\$36,360	\$80,600	\$116,960
First Impressions, Inc.	\$18,200	\$44,400	\$62,600

In reviewing the bids, the low bidder provided no references, and noted on their bid, "Will provide references if we are awarded the job". Additionally, "like" products were specified, and I could find no on-line presence for this company. I was unable to confirm the qualifications of this submission based upon the failure to provide product compliance and references as required by the bid specifications.

In looking at the second bid, U.S. Tennis Court Construction Company, I have found this company to be qualified. This company is well known in the area and I received positive reviews from the four referred customers I contacted.

The bid from U.S. Tennis Court Construction Company contained some recommendations to reduce costs by eliminating some of the specified work, which would not be necessary on all of the sites. The total cost for the work we are recommending is \$55,760. This will provide the restoration and rehabilitation of the courts at Snapper Field, and the resurfacing of the courts at Spella Park. Snapper Field is a roll over project from last year, and with the state of the tennis courts, we recommend adding Spella Park to this project. As stated, these projects are supported by roll over funds in the General Services budget from last year.

It is therefore my recommendation to award the contract for tennis court repair and maintenance to U.S. Tennis Court Construction Company of Lockport, IL. in the amount of \$55,760.

I thank you for your consideration in this matter and look forward to providing this much-needed work.

CONTRACTOR RECOMMENDATION

ENCLOSED WITH BID FOR TENNIS COURT RESURFACING & REPAIR
TO: VILLAGE OF ALGONQUIN

COMMENTS:

Re: Gaslight Park Tennis Courts.

Gaslight Park tennis courts have roughly 800 linear feet of large cracks, of which 300 are very large and had previously been repaired with a reflective crack membrane. There are several areas where the coating is peeling, there are puddles, the net posts need replacing, and the fence is damaged and heaving. The scope of work in the bid does address most of the issues, but when considering all the issues combined, I would recommend total reconstruction of the courts. Completing the scope of work as specified will be costly but does not address the fence, and will likely only provide 3-5 years of playable surface before some additional work is needed. Reconstruction of 2 tennis courts will cost roughly \$100,000 but will last 15-25 years with minimal maintenance. Maintenance includes re-color coating every 6-8 years. If the budget allows, this would be the site most in need of reconstruction.

Re: Ted Spella Park

Ted Spella Park has several issues but the surface is not blistering or peeling. And the net posts and nets are not damaged or leaning. The scope of work calls to remove the coating and remove and replace the tennis equipment. This work is not necessary. The surface can just be power washed prior to applying the crack repair system and color coat system. The new surface will get the proper bond, so adhesion will not be an issue. I have provided alternate pricing to deduct unnecessary work on the bid form. An additional issue on these courts is rust stain causing pyrite. This is a ferrous metal contaminant that is in the asphalt's aggregate. Moisture passes through the permeable color coat system and causes the metal to oxidize. Re-coating will slow the rust spots from forming but they will reoccur over time. These spots are only an aesthetic issue.

Re: Explanation of Bid for Tennis Court Resurfacing and Repair

- I. Specs say total removal of existing paint. It appears that only Gaslight Park has bad peeling and is in need of total removal. First Impression, Inc. price includes this process for Gaslight Park only.
- II. Specs call for total removal of concrete foundations for both net posts and center anchor for net tie downs. Snapper Field appears to be the only courts that may need this. First Impression, Inc. did not include this in our bid.
- III. Fence line post foundations – some of the post foundations are either raised or lowered – especially Spella Park. First Impression, Inc. did not include any price to repair any fence line post foundations.
- IV. Material “Or Equal” - First Impression, Inc. has bid this job using “Rite-Way” material in place of “Armor”. First Impression, Inc. has bid using California Products “Plexipave” in place of “Elite” products.
