Village of Algonquin
Minutes of the Committee of the Whole Meeting
Held On April 12, 2022
Village Board Room
2200 Harnish Dr. Algonquin, IL

AGENDA ITEM 1: Roll Call to Establish a Quorum

Trustee Auger, Chairperson, called the Committee of the Whole meeting to order at 7:30 p.m.

Present: Trustees Jerry Glogowski, Robert Smith, John Spella, Laura Brehmer, Maggie Auger, Brian Dianis and President Debby Sosine.

A quorum was established

Staff Members Present: Village Manager, Tim Schloneger; Assistant Public Works Director, Michele Zimmerman; Community Development Director, Jason Shallcross; Human Resources Director, Todd Walker; Village Clerk, Fred Martin; and Village Attorney, Kelly Cahill.

AGENDA ITEM 2: Public Comment

Chris Kiours, Kane County District 23 Board Member, President Kane County Forest Preserve, updated the Committee on the Forest Preserve providing free woodchips to residents, an additional \$17.5 million dollars has been dedicated to the Longmeadow Parkway Toll Bridge to offset costs, Grand Victoria Casino revenue of \$5 million dedicated to not for profit organizations.

Ken Leonard, of the Glenloch HOA Association has concerns regarding the Route 62 and Compton Drive PUD Development, Mr. Shallcross address the concerns

Jim Eichhorn, also has concerns regarding the standing tree line being maintained during the Route 62 and Compton Drive PUD Development, Mr. Shallcross confirmed that the tree line will stay intact.

AGENDA ITEM 3: Community Development

Mr. Shallcross Presented:

A. Consider the Annexation of Certain Property on Oceola Drive

On October 8, 2017, the Village of Algonquin closed on four adjacent parcels, the Subject Property, located across from the intersection of Oceola Drive and Iroquois Drive. The Village of Algonquin is now requesting approval to annex this Subject Property into the Village. The Subject Property would be annexed as R-1E Zoning District which is the default zoning district and also the most restrictive.

Staff recommends that the Committee of the Whole recommend that the Village Board approve the annexation of the Subject Property.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

B. Consider the Annexation of Certain Property on Edgewood Drive

On February 15, 2018, the Village of Algonquin closed on the Sarah Fields Property, the Subject Property, located at 5615 Edgewood Drive. The Village of Algonquin is now requesting approval to annex this Subject Property into the Village. The Subject Property would be annexed as R-1E Zoning District which is the default zoning district and also the most restrictive.

Staff recommends that the Committee of the Whole recommend that the Village Board approve the annexation of the Subject Property.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

C. Consider Setback Variances at Property 190 Wildwood Road

Robert and Debra Martineau, the "Petitioner", applied for two (2) variations to allow an eighteen foot (18') front yard setback and a seven foot (7') rear yard setback for the undeveloped parcel located at the southwest corner of Wildwood Road and Pioneer Road, the "Subject Property", commonly known as 190 Wildwood Road. The Subject Property is a legal non-conforming lot as the existing square footage is smaller than the minimum square footage for the zoning district, R- 2 One-family dwelling, and the Subject Property is also an

irregular shape rendering it impossible to fit a dwelling on the parcel that would meet the required zoning setbacks.

A Public Hearing was held for the two variation requests at the March 14, 2022 Planning and Zoning Commission Meeting. During the Public Hearing, an adjacent neighbor spoke in support of the requested variations. The Planning and Zoning Commission unanimously adopted staff's findings as the findings of the Planning and Zoning Commission and recommended approval of the request, as stated in the staff report, by a vote of 6-0. For additional details on the case, please reference the attached Planning and Zoning staff report for Case PZ-03-22.

Based on this information, staff recommends approval of the two (2) variation requests allowing an eight teen foot (18') front yard setback and a seven foot (7') rear yard setback at 190 Wildwood Road.

Trustee concerns were addressing a shed on the property as well as house direction pertaining to its address.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

D. Consider Additional Subdivision Signs and a Maintenance Agreement within Willoughby Farms Estates

The Willoughby Farms Estates Neighborhood Association is proposing four additional subdivision identification signs. These are signs that are erected solely for the purpose of displaying the name of the subdivision for identification purposes. Staff is requesting an agreement be entered between the Village of Algonquin and the Willoughby Farms Estates Neighborhood Association.

The proposed signs have a similar style to the existing Willoughby Farms Estates signs and will have a surface area of 4'x 7.3" and will be approximately 5' tall, which meets the sign code.

The proposed signs will be located in the common areas of Willoughby Farms Estates at the following locations:

1. Northwest Corner of Longmeadow Parkway and Sleepy Hollow Road in the Stormwater Detention Area/Lot 84
2. Southwest Corner of Longmeadow Parkway and Barrett Drive in the Open Space Detention
3. Northwest Corner of Longmeadow Parkway and Barrett Drive in the Landscape Easement/Lot 89
4. Northeast Corner of Longmeadow Parkway and Barrett Drive in the Landscape Easement/Lot 88

Staff has requested that an agreement be entered between the Village of Algonquin and Willoughby Farms Estates Neighborhood Association that would allow the construction of the signs in the proposed locations, hold harmless and indemnify the Village, and allow the Village to Association to repair, replace, or remove the signs if they fall into disrepair.

Staff will also request that the Willoughby Farms Estates Neighborhood Association provide the appropriate amount of landscaping around the base of each sign.

Staff recommends that the Committee recommend that the Village Board execute the Willoughby Farms Estates Maintenance Agreement.

Trustee concerns were making sure there were no line of sight issues, and no trees to be removed, the proposed signs seemed too plain, staff advised the signs were already approved and won't change, this agreement was for maintenance.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

E. Consider an Extension of PUD Ordinance 2020-O-25

To approve an Ordinance extending Ordinance 2020-O-25: A Preliminary PUD, Preliminary Plat, Final Plat of Subdivision, Final Planned Unit Development and Special Use Permit for an Automotive Car Wash on Lot 1, and Special Use Permits for an Automobile Tire and Repair Facility on Lot 2, and Drive Through Restaurant with Outdoor Seating on Lot 3, On Property Near the Southeast Corner of Route 62 and Compton Drive.

Alan M Jacob of AMJ Legal Service has submitted a request for a two-year extension to the final Planned Development (PUD) for a development at the southeast corner of IL Route 62 and Compton Drive. According to Mr. Jacob, construction for this development has been delayed due to several factors that include a longer than anticipated engineering approval by the village as well as material and labor shortages.

This 3-lot PUD subdivision was approved to include a car wash (with special use), Goodyear tire store, and a future fast casual I restaurant. The building elevations for the car wash and Goodyear facility were also approved.

As noted above, this development received final PUD approval but did not move forward with construction primarily due to market conditions and a longer than anticipated engineering review. The Village of Algonquin Zoning Ordinance has certain standards regarding PUD timing. Specifically, the Ordinance provides that "If no construction has been started on any phase of development within two (2) years from the date of approval of the final plan, the permits shall be declared null and void and the project shall not be initiated unless it is resubmitted and reapproved in the same manner that it was approved in the first instance. The Village Board may, however, extend the period for initiating construction upon a showing of good and sufficient cause".

Staff recommends that the Committee recommend that the Village Board grant an extension to the planned development with the following conditions:

1. The final PUD shall be extended for an additional two years (24 months) effective the date of expiration of Ordinance 2020-O-25, July 7, 2022;
2. That all those conditions contained in Ordinance 2020-O-25 approving the final plat and final planned development shall remain in full force and effect.

Trustee concerns inquired why there were engineering delays, and what can be done in the future to prevent such delays, developers were also questioned as to the tenants for the car wash, tire store and fast food. The developers are still working on the specifics.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

AGENDA ITEM 4: General Administration

Mr. Schloneger Presented:

A. Consider Amending Chapter 15, Public Art, of the Algonquin Municipal Code

In 2005, the Village developed the Public Arts Commission as an advisory commission to the Village Board to help with various policies, procedures, events and other Art related projects. There are many successes and accomplishments in the community as a result of the many dedicated hours that the commissioners have given throughout the years. However, in the past years the role of the Commission has changed, and there have been issues recruiting new volunteers to fill the commission. With that said, staff recommends repealing certain portions of Chapter 15, Public Art (15.04 Algonquin Public Arts Commission Creation; 15.05 Commission Purpose; 15.06 Commission, Appointment, Composition; 15.07 Meetings, Reporting and Record Keeping; 15.08 Commission Funding; 15.09 Commission Duties).

Staff will assume much of the duties previously assigned to the Commission, and will continue to seek community input involvement on a project by project basis - such as involving the community with the Art on the Fox event.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

B. Consider an Agreement with Professional Cemetery Services for Monthly Maintenance and Internment Services

The Village of Algonquin is responsible for the maintenance and interment services for the Algonquin Cemetery. The Village contracts with Professional Cemetery Services. The current contract will expire April 30, 2022. Staff has negotiated a four-year agreement with Professional Cemetery Services. The same level of service delivery is expected to continue in the new contract agreement.

When interment includes additional cremains, at the same time of the burial, a fee will be added to the cost of the burial.

With the exception of the fee schedule, the service agreement has not changed. You will notice, when interring more than one cremains at a time an additional fee of 50% of the single interment of cremains will be charged. This will offset the cost of the larger ground opening and additional time spent by the contractor at the grave site.

Trustee concerns asked if the new fee structure included administrative costs, and why the cremation costs appeared high. Mr. Schloneger replied, according to Michelle Weber, although there is additional work for actual interment, the additional burial does not really affect the Village in a time/cost perspective. Public Works marks only one grave and Michelle spends an extra couple of minutes putting the data into the various databases. Therefore, we are not recommending any additional administrative cost pass-through above the rates currently shown.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

C. Consider a Donation of Certain Real Property

Denk & Roche Builders, Inc. contacted the Village wanting to donate this vacant Property (19-28-158-010) along Algonquin Road to the Village of Algonquin, subject to the Village accepting responsibility for paying the 2022 taxes on the Property. The real estate taxes due in 2021 was \$10,818.68.

The Village desires to acquire and accept title to the Property from Denk & Roche Builders, Inc.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

D. Consider Amending the 2022-2023 Village Merit Compensation Plan

Mr. Walker Presented:

On an annual basis, usually in the Spring, staff provides the Village Board our recommendations for the next fiscal year Merit Compensation Plan as according to Section 2.3.2 of the Village Policy Manual. Once again, I am seeking the Board's consideration and approval on amending this document for the next fiscal year (2022/2023).

After reviewing internal and external equity and salary data of comparable communities, I am recommending the a change in the Grade "Accounting Manager" from a 9 to a 10 to reflect the changes in responsibilities as well an increase in each grade.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

E. Consider Amending Chapter 33.07B, Liquor Control and Liquor Licensing – Number of Licenses Issued

In accordance with an ordinance passed in 2013 limiting the number of allowable liquor licenses in all classes to the number of licenses issued at that time, the attached proposed ordinance adjusting the number of available liquor licenses in the following classes:

- Class A reduce from 5 to 3
- Class A-1 increase from 26 to 33
- Class A-3 elimination of this class as of May 1, 2022
- Class B-2 reduce from 8 to 7

Staff recommends the above adjustments to accommodate the May 1 class changes as well as the addition of a new applicant, The Oaks of Algonquin Senior Living, who recently applied for a Class A-1 license to go before the Liquor Commission for approval in the coming weeks.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

AGENDA ITEM 5: Public Works & Safety

A. Consider an Agreement with Resource Environmental Solutions for the 2022 Maintenance of the Village's Restored Natural Areas

Ms. Zimmerman:

The Village would like to enter into a contract with Resource Environmental Solutions (formerly AES-Applied Ecological Services) for the 2022 maintenance of the Village's restored natural areas.

Each fall staff visits all of our natural area sites with an ecologist from RES. The sites are then assessed for maintenance needs and a plan is put together for the following year. Attached is a list of maintenance tasks for this year and the areas where they will take place.

Performing these types of maintenance activities each year assures us that our natural areas stay in excellent ecological condition. We control the invasive woody and weed species that pop up each year and would take over the sites if we were to forego maintenance, rendering them back to their degraded conditions.

RES has been performing this service for the Village for the past 10 years. They are intimately familiar with all of our sites. Their knowledge and experience in diligently carrying out our site assessments and maintenance protocols has left us with extremely healthy restorations and a green infrastructure network that functions almost flawlessly. For these reasons we would like to continue to use them for this work.

Funding for this work is budgeted in the Natural Area and Drainage Fund. Money in this fund is used for stormwater improvements and upgrades, as well as natural area maintenance and wetland/natural area projects.

It is staffs recommendation that the Committee of the Whole take action to move this matter forward to the Village Board for approval of 2022 Natural Area Maintenance Services to Resource Environmental Solutions for \$69,500.00.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

B. Consider an Agreement with Playground Safe for the Hill Climb Park Reconstruction

Earlier this fiscal year, the playground equipment for Hill Climb Park was purchased by the Village because it is beginning to significantly deteriorate. The Village sent out a request for proposal for the installation of this equipment and some play surface upgrades associated with it. We sent out 5 RFP's and received 3 back. These were opened on March 17, 2022. Christopher Burke Engineering reviewed and evaluated the proposals and checked all necessary references and recommended Playground Safe LLC.

Money has been budgeted in the Park Fund in the amount of \$180,000.00 in the new fiscal year budget starting May 1st and work will begin after that date. Therefore, it is our recommendation that the Committee of the Whole take action to move this matter forward to the Village Board for approval of a contract with Playgroundsafes LLC in the amount of \$48,190.00.

Trustee concerns were the wide difference in the returned bids, wanting to make sure the quality was maintained. Ms. Zimmerman reached out to Doug Gotham at CBBEL who put the plans together, checked the bid prices, called the references and will be overseeing the construction. I believe he has satisfactorily answered the questions that came up (see below).

Playgroundsafes provided 3 references with their bid;

- Kristy DeBoer, Park Planner with the Waukegan Park District. I spoke with her and they used Playground safe to construct a park in 2021.
- Ken Wexler, Park Planner with the Glenview Park District. I spoke with him and they have used Playgroundsafes in the past to construct a playground.
- The last reference is Ross Burns, General Manager of All Surface Installers. This company would be the subcontractor for the poured in place rubber safety surface.

Both of the Park Districts said, as I wrote in my letter of recommendation, that Playgroundsafes did satisfactory work within the schedule and for the bid amount.

The item that has the most significant difference between the bidders is the poured in place rubber safety surface.

DESCRIPTION	CBBEL	PLAYGROUND SAFE	GREAT LAKES	HACIDENDA
POURED IN PLACE RUBBER SAFETY SURFACE	\$23,400.00	\$15,600.00	\$24,570.00	\$48,360.00
BASE BID TOTAL	\$65,000.00	\$48,190.00	\$62,681.00	\$109,432.50

This is an extremely specialized item. I used this material for a Village of Lincolnshire project to achieve an appearance that the staff and site required. The contractor for this project came from Missouri to install it. I spoke with Great Lakes prior to the proposal submittal and they indicated that the sub-contractor they would use would come from out of state. Playgroundsafes subcontractor (All Surface Installers) has a 847 area code, so I suspect that they are locale which would account for the price difference.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

C. Consider an Agreement with Sebert Landscaping for the 2022 Village Mowing Services

The Village sent out a request for proposal for Village wide landscape maintenance. The request was sent to four contractors and we received two of these back; one from Sebert Landscape and one from Trinity Landscaping Maintenance.

The Village has been contracting landscape maintenance for a number of years and has realized significant cost savings and efficiency through this contracted service. This annual program provides a variety of landscape services to our many sites which includes turf grass mowing and planter bed maintenance. Sebert Landscape of Bartlett, Illinois has been performing this service for the past three years. Because of this, they have now become familiar with our sites, our process and our standards for landscape maintenance.

Based on this experience the Village would like to renew our contract with Sebert Landscape. We believe we will get the best service from this contractor as they are already familiar with our requirements, thus eliminating the process of training and hand holding a new company.

Money for this service is budgeted in General Services, Water, Sewer, Building Maintenance, and Cemetery operating budget, in the amount of \$378,054.00. Therefore, it is our recommendation that the Committee of the Whole take action to move this matter forward to the Village Board for approval of landscape maintenance services in the amount of \$370,249.00 to Sebert Landscape for 2022 and further to authorize the Village Manager or his designee to sign an extension of this contract for an additional 2 years at the prices provided in the bid document.

Following discussion, it was the consensus of the Committee to move this item forward to the Village Board for approval.

ORDINANCE NO. 2022 - O -

An Ordinance Amending Chapter 15, Public Art, the Algonquin Municipal Code

WHEREAS, the Village of Algonquin, McHenry and Kane Counties, Illinois, is a home rule municipality as contemplated under Article VII, Section 6, of the Constitution of the State of Illinois, and the passage of this Ordinance constitutes an exercise of the Village's home rule powers and functions as granted in the Constitution of the State of Illinois.

NOW, THEREFORE, BE IT ORDAINED by the President and Board of Trustees of the VILLAGE OF ALGONQUIN, McHenry and Kane Counties, Illinois, as follows:

SECTION 1: With regard to the existing Public Arts Commission, previously created by the Village Board on an ad hoc basis, this commission is hereby dissolved and henceforth, any public arts matters shall be handled by staff at the direction of the Village Board, or its designee.

SECTION 2: Chapter 15, Public Art, of the Algonquin Municipal Code shall be amended as follows:

Chapter 15 PUBLIC ART

- 15.01 Purpose
- 15.02 Area of Applicability
- 15.03 Public Art Requirements for Private Developments
- 15.10 Public Art Reserve Fund

15.01 PURPOSE

The purpose and intent of this Chapter is to encourage the placement of artwork throughout the Village consistent with the goals and implementation guidelines of the Algonquin Public Art Master Plan, which was approved by the Village Board on April 5, 2005, and incorporated into this Chapter by reference. Furthermore, it is the intent of this Chapter to:

1. Enhance the Village's sense of place in the region by providing unique artwork throughout the community in a manner unlike any other place in the area.
2. Strengthen community identity, spirit, and collective cultural experience through the placement of public art throughout the Village.
3. Generate a positive image that attracts visitors and potential investors, including new home buyers, business owners, and developers.
4. Create a public art collection primarily with temporary artwork loans, developer donations, and gifts.
5. Identify and develop stable funding mechanisms, including the creation of a public art reserve fund, to ensure that resources are available to create, preserve, and inventory public art works.

15.02 AREA OF APPLICABILITY

The placement of public art shall occur throughout the corporate limits of the Village. All property to be annexed or approved for a planned development shall conform to the standards of this Chapter.

15.03 PUBLIC ART REQUIREMENTS FOR PRIVATE DEVELOPMENTS

As part of its review of a petition for annexation or planned development, the Village Board shall require that a private property owner and/or developer shall contribute to the public art program in one of the following ways:

1. **Provide and Maintain Their Own Artwork**: A developer may identify a clearly visible and accessible public space within the development and erect and maintain a work of art that is consistent with the artwork selection criteria identified in the Algonquin Public Art Master Plan. The scale of the art elements in the private development shall be commensurate with the scale of the development and its location. The owner of the project shall retain responsibility for maintenance and regular upkeep of any public art enhancements. If, for any reason, the required public art in a project is removed, destroyed, or has deteriorated, the owner is responsible for removal and replacement with comparable artwork, which shall be reviewed and approved by Village staff and the Village Board.
2. **Reserve a Display Site and Pay a Fee**: A second option is for the developer to identify a clearly visible and accessible public space within the development and dedicate the space to the Village as a formal reserved public art display location. The developer shall also be required to pay a fee in lieu of installing and maintaining the artwork. The developer shall, however, receive an amount identified in Appendix B as credit against the fee required herein for providing and reserving the space. The Village shall then be responsible for finding an appropriate piece of artwork for the reserved space.
3. **Contribution to Public Art Reserve Fund**: In private development projects where, public art elements would normally be required but where Village staff finds that location, siting, or scale makes provision of public art enhancements inappropriate or impossible, or staff agrees to the applicant's preference to not integrate a public art element into the project, the equivalent public art funds shall be placed into a Public Art Reserve Fund maintained by the Village. Such funds shall enable art enhancements to be sited elsewhere within the Village at a location identified in the Algonquin Public Art Master Plan and as close to the development as possible. The fee schedule for the required payment is listed in Appendix B. For mixed use projects, the developer/owner shall pay fees as noted in Appendix B on both the commercial square footage and the number of residential units.
4. **Compliance Time Frame**: If a private development sets aside a display area for public art, said site shall be reviewed and approved by Village staff prior to the issuance of a site development permit. If a private development sets aside a display area for public art and erects a piece of artwork, said artwork must be in place prior to the issuance of the first certificate of occupancy on the subject property. Any payments into the public art master plan reserve fund shall be made prior to the issuance of a building permit.

15.4 PUBLIC ART RESERVE FUND

The Village Board shall establish and maintain a Public Art Reserve Fund. All developer payments and donations to the public art program shall be deposited in the Public Art Reserve Fund. AGREEMENT FOR MAINTENANCE AND EXCAVATION FOR INTERMENT OF THE ALGONQUIN CEMETERY

THIS AGREEMENT entered this day of April 19, 2022, by and between the Village of Algonquin, an Illinois Municipal Corporation ("VILLAGE"), and Professional Cemetery Services ("Contractor").

IN CONSIDERATION of the mutual promises contained herein and other good and valuable consideration, the sufficiency of which is hereby acknowledged, the parties hereto agree as follows:

1. Contractor shall undertake a maintenance program for the Village of Algonquin Cemetery during the agreement period beginning May 1, 2022 and ending April 30, 2026. This Agreement shall automatically be extended for four (4) successive one (1)-year terms (the "Renewal Terms") on the same terms and conditions as set forth herein, unless the VILLAGE notifies the Contractor in writing of its intention not to renew at least sixty (60) days prior to commencement of the succeeding Renewal Term. Said maintenance shall include, but not be limited to: cutting of grass as deemed necessary and appropriate by the Village; trimming around monuments, markers, and trees as deemed necessary and appropriate by the Village; leaf raking, snow removal and evergreen trimming as deemed necessary and appropriate by the Village, with special attention given on holidays; and any and all other maintenance work necessary or desirable to keep said Cemetery in a well-maintained condition.
2. Contractor shall be responsible to maintain a workable and safe landscape grade over the entire cemetery property. Such work may entail minor top-dressing with first quality, pulverized soil, seeding and fertilizing to stimulate germination.
3. Contractor shall also be responsible to make professional and workmanlike repairs to any markers and gravestones damaged by the equipment and/or the employees of the contractor in the execution of the work outlined in this contract. Such repairs will be made using materials and methods commonly used by monument craftsmen to make such repairs. Markers damaged beyond repair by the Contractor will be replaced, in kind, at the sole cost of the Contractor. Contractor will confer and coordinate with the Village prior to making such repairs.
4. Disposal of any and all debris generated during any of the maintenance activities above shall be the responsibility of the contractor and shall be done in an appropriate and workmanlike manner. Disposal of such debris shall be done off-site, in an approved dump site that accepts the type and quantity of debris being generated, or in a disposal site on Village property that is sanctioned and approved by the Director of Public Works, or his designee.
5. Contractor desires to provide interment excavation services to the Village. Excavation shall consist of the loosening, loading, transporting and depositing of all material, whether wet or dry, of every name and nature necessary to be removed for the purpose of forming the grave sites or for any other purpose necessary to complete the work described herein.
 - a. **OPENING SITE.** Contractor shall excavate gravesites for personal interment and shall clean away all excess earth, rubbish and rock from the excavation site which is not necessary for the closing of the site as described in Section E below.
 - b. **SITE SPECIFICATIONS.** Contractor shall make said excavation in a good workmanlike manner, according to specifications adopted from time to time by the Village, and without limiting the foregoing: no grave site shall be less than four and one half (4 ½) feet in depth and no mound shall be raised on any grave exceeding twelve (12) inches in height above the surrounding surface.

- c. **BRACING, SHORING AND ANCHORING.** Contractor shall furnish all permanent and temporary bracing, shoring and anchoring required to make everything stable and secure.
 - d. **INTERMENT.** Contractor shall, during the actual interment of the deceased, make sure the interment site and the surrounding area is clear of debris and other hazards as a result of the excavation and shall otherwise leave the site in a condition which does not detract from the burial ceremony, and which is customary in the grave digging industry.
 - e. **CLOSING SITE.** Contractor shall close the gravesite on the day of interment. The site shall be closed in a good workmanlike manner according to specifications adopted from time to time by the Village and, without limiting the foregoing, the Contractor shall leave the site in good order, clean and tidy, well graded and free from weeds, rubbish or other debris. Contractor shall be responsible to fill, grade and seed any areas of settlement due to interment excavations. Contractor shall also repair any settlement of markers and gravestones. Such repairs will be made in a workman like fashion, restoring the stones to a level and plumb position, utilizing structural fill of sand or limestone mechanically compacted in place. Such repairs will be made to any site for a period of three years from the date of interment.
 - f. **DISPOSAL OF SPOILS.** Disposal of any and all spoils generated during the excavation of interment sites shall be the responsibility of the Contractor and shall be done in an appropriate and workmanlike manner. Disposal of such debris shall be done off-site, in an approved dumpsite that accepts the type and quantity of debris being generated, or in a disposal site on Village property that is sanctioned and approved by the Director of Public Works, or his designee.
6. Contractor shall complete the opening of a grave site according to the requirements described in Section 5 no later than. 24 hours after being notified, either in person, by telecommunication or in writing, by the Village of its request to open a new grave site. If the notification is in writing, then it will be deemed complete three business days after posting in the United States mail, postage prepaid, to the Contractor's last known address. In the event Contractor fails to complete the opening of the grave site within the prescribed time, then Contractor shall be liable for all damage caused by said delay and shall reimburse, indemnify and hold Village harmless from any and all loss, damage, costs and expenses, which Village may hereinafter suffer, incur, be put to, pay or lay out by reason of Contractor's delay, including, without limitation, all damage and loss relating to emotional distress being suffered by the deceased's family, additional mortuary expenses and fees for storage of the deceased during the delay, and costs incurred to retain an alternative excavator.
7. Contractor shall be held responsible and shall make good all damages to adjoining grave sites and property caused by execution of his work under the specifications set forth herein and shall reimburse, indemnify and hold Village harmless from any and all loss, damage, costs and expenses, which the Village may hereinafter suffer, incur, be put to, pay or lay out by reason of Contractor's damage to adjoining grave sites or property, including, but without limitation, all loss and damage relating to emotional distress being suffered by the family related to the deceased buried in the disturbed grave site.
- Contractor shall be responsible for making professional and workmanlike repairs to any markers and gravestones damaged by the equipment and/or the employees of the Contractor in the execution of the work outlined in this contract. Such repairs will be made using materials and methods commonly used by monument craftsmen to make such repairs. Markers damaged beyond repair by Contractor will be replaced, in kind, at the sole cost of the contractor. Contractor will confer and coordinate with the Village prior to making such repairs.

8. Any subsurface or latent conditions at the gravesite, which were not contemplated by Contractor, shall not relieve Contractor from complying with the terms and conditions set forth herein, including, without limitation, the conditions contained within Section 6 above.
9. RECITALS:

WHEREAS, Project Owner desires to engage Service Provider to provide the Services (defined below), and Service Provider is willing to perform such Services subject to the terms and conditions of this Agreement.

NOW, THEREFORE, in consideration of the mutual covenants herein contained and of other good and valuable consideration, the Parties agree as follows:

AGREEMENTS:

1. Appointment. Service Provider shall perform the services described on Schedule 1 attached hereto (collectively, the “Services”). The Parties may agree in writing to amend Schedule 1 from time to time.
2. Term and Termination.
 - (a) The term of this Agreement (the “Term”) shall commence on the Effective Date and shall continue until the date upon which the Services are completed, unless sooner terminated by mutual written consent of the Parties; provided that, in the event that a Party (the “Defaulting Party”) materially breaches this Agreement, and such breach is incapable of cure, or with respect to a material breach capable of cure, the Defaulting Party does not cure such breach within 60 days after receipt of written notice of such breach, then the other Party may terminate this Agreement, effective upon written notice to the other Defaulting Party.
 - (b) Notwithstanding anything to the contrary herein, if Project Owner fails to pay any amount when due hereunder: (a) and such failure continues for ten (10) days after Project Owner's receipt of written notice of nonpayment; or (b) more than once during the Term, then Service Provider (1) may retain all prior payments received as liquidated damages, (2) cease providing Services unless and until such breach is cured to Service Provider's reasonable satisfaction, and (3) in addition to its other remedies at law or in equity, terminate this Agreement by written notice to Project Owner.
 - (c) The rights and obligations of the Parties set forth in this Section 2 and any right or obligation of the Parties in this Agreement which, by its nature, should survive termination or expiration of this Agreement, will survive any such termination or expiration of this Agreement.

3. Limited Warranty and Limitation of Liability.

 - (i) In accordance with the terms and subject to the conditions set out in this Agreement;
 - (ii) Using personnel of industry standard skill, experience and qualifications; and

- (b) Service Provider's sole and exclusive liability and Project Owner's sole and exclusive remedy for breach of this warranty shall be as follows:
 - (i) Service Provider shall use reasonable commercial efforts to promptly cure any such breach; provided, that if Service Provider cannot cure such breach within a reasonable time (but no more than 60 days) after Project Owner's written notice of such breach, Project Owner may, at its option, terminate this Agreement in accordance with Section 2(a).
 - (ii) In the event this Agreement is terminated pursuant to Section 3(b)(i) above, Service Provider shall within 30 days after the effective date of termination, refund to Project Owner any fees paid by the Project Owner as of the date of termination for the Services, less a deduction equal to the fees for receipt or use of such Deliverables (as defined below) or Services up to and including the date of termination on a pro-rated basis.
 - (iii) The foregoing remedy shall not be available unless Project Owner provides written notice of such breach within 30 days after delivery of the Services.
- (c) SERVICE PROVIDER MAKES NO WARRANTIES EXCEPT FOR THAT PROVIDED IN THIS SECTION 3. ALL OTHER WARRANTIES, EXPRESS AND IMPLIED, ARE EXPRESSLY DISCLAIMED.

third party, including governmental entities, without the written consent of all Parties, such consent not to be unreasonably withheld, except as may otherwise be required by law or a court of competent jurisdiction; provided, that the foregoing shall not be deemed to prohibit the Parties from providing this Agreement or the terms hereof to their attorneys, consultants, professional advisors, and current and prospective investors and primary lenders. The terms and conditions of this paragraph shall survive termination of this Agreement.

(d) Governing Law. This Agreement shall be governed by and construed under the laws of the State of Texas (the “State”).

(e) Counterparts; Execution. This Agreement may be signed by facsimile signature, which signature shall be deemed to constitute an original signature and be binding as such. This Agreement may be executed in identical counterparts, each of which when so executed and delivered will constitute an original, but all of which taken together will constitute one and the same instrument. The Parties each represent that the person signing this Agreement is duly authorized to sign this Agreement.

(f) Notices. All notices required or permitted hereunder shall be in writing and shall be served on the Parties at the addresses set forth on their signature pages hereto (or to such other address that the receiving Party may designate from time to time in accordance with this Section 11(f)). (i) Assignment; Successors and Assigns. This Agreement shall be binding upon the Parties and their respective successors and assigns; however, this Agreement may not be assigned by either Party without the prior written consent of the other Party, which consent shall not be unreasonably withheld, conditioned or delayed. 1. **Workers Compensation.** Vendor shall provide workers compensation insurance for all its employees providing services under this Agreement in accordance with applicable law.
2. **Commercial General Liability.** Vendor shall provide commercial general liability insurance to cover the liabilities of Vendor, its Affiliates, independent contractors, and subcontractors, arising out of the Vendor's performance of this Agreement with limits of one million dollars (\$1,000,000) for each claim, one million dollars (\$1,000,000) products aggregate and two million dollars (\$2,000,000) general aggregate which may be provided through umbrella coverage.  - b. Additional Insured. Such insurance shall name Owner as an additional insured and such coverage shall be primary and non-contributing with respect to the Owner's coverage.
 - c. Waiver of Subrogation. Vendor waives all rights against Owner and its agents, officers, directors and employees for recovery of damages to the extent these damages are covered by the commercial general liability or commercial umbrella liability insurance maintained pursuant this Agreement.
 - d. Continuing CGL Coverage. Vendor shall maintain commercial general liability insurance for at least 3 years following the earlier termination or the completion of this Agreement or the completion of the Work under this Agreement and all authorized extensions thereof.

Evidence of Insurance.

1. Vendor shall furnish Owner with a certificate(s) of insurance, executed by a duly authorized representative of each insurer, stating compliance with the insurance requirements set forth above.

3. Owner shall have the right, but not the obligation, to prohibit Vendor or any of its independent contractors or subcontractors from entering the Project site or performing work required under this Agreement until such certificates or other evidence that insurance has been placed in complete compliance with these requirements is received and approved by Owner.

6. With respect to insurance maintained after final payment in compliance with a requirement above, an additional certificate(s) evidencing such coverage shall be promptly provided to Owner when requested.
7. Vendor shall provide Owner with 30 days written notice prior to the cancellation or material change of any insurance required under this Agreement.
8. Vendor shall provide certified copies of all insurance policies required above within 10 days of Owner's written request for said copies.

General Insurance Provisions

1. No Representation of Coverage Adequacy. By requiring the insurance as set out in this Schedule, Owner does not represent that coverage and limits will necessarily be adequate to protect Vendor, and such coverage and limits shall not be deemed as a limitation on Vendor's liability under the indemnities provided to Owner in this Agreement, or any other provision of the Contract Documents.
2. Cross-Liability Coverage. If Vendor's liability policies do not contain the standard separation of insureds provision, or a substantially similar clause, they shall be endorsed to provide cross-liability coverage.
3. The insurance requirements set out in this Schedule are independent from other obligations of Vendor under this Agreement and apply whether or not required by any other provision of this Agreement.
4. Independent Contractor/Subcontractor's Insurance. Vendor shall cause each independent contractor and subcontractor employed by Vendor to purchase and maintain insurance of the type specified in this Schedule. When requested by Owner, Vendor shall furnish to Owner copies of certificates of insurance evidencing coverage for each independent contractor or subcontractor.

Discussion of Staff Recommendation

NorthPoint Development, LLC, the Petitioner, applied for Final Plat for the entire site and Final PUD approval for Phase I of their proposed corporate campus development on the Subject Property. The Subject Property was approved for Annexation, Preliminary Plat, Preliminary PUD, and Zoning upon annexation on November 17, 2021. The Subject Property to be developed is approximately 147 acres and is bound by Randall Road, Longmeadow Parkway, Huntley Road, and an extension of Grandview Drive. The Subject Property is currently farmland (some of it farmed wetland) that was zoned F – Farming in unincorporated Kane County, but was annexed into the village and zoned B-2 General Retail and B-P Business Park. The site will eventually include five industrial buildings, a retail outparcel, and related site improvements. The Petitioner is seeking final approval for the Phase I improvements at this time. See the table below for project phasing.

Plat of Resubdivision – The total area annexed into the Village from unincorporated Kane County was 163.14 acres. The proposed Final Plat of Subdivision dedicates 13.05 acres as right-of-way to the Village and Kane County, almost 30 acres for naturalized detention, and more than 110 acres to be divided into 5 lots for industrial users and a 14.12-acre retail parcel. Below is a breakdown of the NorthPoint Algonquin Campus acreage and phasing.

Table 1: NorthPoint Algonquin Campus, Property Breakdown

Lot 1 (Retail Parcel; Phasing Independent)	14.12 acres
Lot 2 (Industrial Building; Phase I)	15.44 acres
Lot 3 (Industrial Building; Phase II)	16.03 acres
Lot 4 (Industrial Building; Phase II)	13.81 acres
Lot 5 (Industrial Building; Phase I)	28.69 acres
Lot 6 (Industrial Building; Phase II)	22.50 acres
Village of Algonquin Roadway Dedication (Phase I)	7.92 acres
Additional Kane County Roadway Dedication (Phase I)	5.13 acres
Naturalized Parcels to be dedicated to Algonquin (Phase I)	29.60 acres
Total NorthPoint Algonquin Campus Area:	147.02 acres

Zoning – The current zoning of the subject property is B-P Business Park and B-2 Business General Retail which is consistent with the Future Land Use Plan. The Development will be surrounded by R-1 (Estate Residential/in Carpentersville) to the west across Huntley Road, F – Farming (future Corridor Commercial/in Carpentersville) to the south, F – Farming (future Business Park/Light Industrial/Commercial/in Algonquin) to the north, and an existing commercial center zoned B-2 Planned Unit Development (PUD) to the east.

Site Plan & Engineering – The NorthPoint Development proposal includes 5 large industrial buildings that will total approximately 1.6 M square feet in size on approximately 96.5 acres. A retail pad at the northeast corner of the subject property near Randall Road and Longmeadow Parkway that is approximately 14.12 acres in size would be developed at a later date.

Proposed public improvements include three new public roads, a traffic signal at the intersection of Randall Road and Broadsmore Drive, public utilities, sidewalks, and a public bike path. Specific street upgrades include the extension of Broadsmore Drive west to connect to Deerpath Lane at Huntley Road, Grandview Drive will be extended 850 ft west to the new Gaitsch Drive, and Gaitsch Drive will be a new north-south road between the Grandview Drive extension and Longmeadow Parkway. In terms of traffic control, the intersection of Broadsmore Drive and Randall Road will include a traffic signal, Gaitsch Drive will be a right-in/right-out at eastbound Longmeadow Parkway, Grandview Drive will be a right-in/right-out at southbound Randall Road, and all other intersections and driveways will include stop control. Note that the Grandview Drive extension will be in unincorporated Kane County and ultimately in Carpentersville’s future boundary.

The developer will also widen southbound Randall Road from two to three thru lanes between Longmeadow Parkway and Broadsmore Drive which will taper into a dedicated right-turn lane for eastbound Grandview Drive. Dedicated right and left-turn lanes will be added at the traffic signal at Randall Road and Broadsmore Drive so that traffic can safely proceed from Randall Road into the NorthPoint Development. Dedicated left and right-turn lanes will be also be added to Huntley Road at Broadsmore Drive and a deceleration lane will be added to eastbound Longmeadow Parkway to turn into the NorthPoint Development at Gaitsch Drive.

Utilities that will be constructed by the developer within the development include water, fire hydrants, storm sewer, sanitary sewer, and street lights.

Landscape Plan – The NorthPoint Development proposal includes two large naturalized basins and a 100 ft naturalized corridor along the west side of the property that will be dedicated to the Village after three years of successful upkeep. Two additional basins will be internal and maintained by the development. In addition, street trees will be planted along the roadways. The site-specific landscape plans submitted for the developments on Lots 2 and 5 meet the Village’s Landscaping Code. The site-specific landscaping will include foundation landscaping around the building, shrubs in front of the parking stalls to screen vehicles from the public areas, and trees along the perimeter of each lot. The landscape islands will include a tree and around the lots, berms will be utilized to screen parking areas from the public view.

Elevations – The proposed building elevations include 44.5 ft tall buildings with a parapet wall that varies in height. The lowest roofline is 39.5 ft to accommodate a minimum clear height on the interior of the building of 36 ft. The height of the parapet wall will vary but does not exceed a maximum of 49.5 ft. The purpose of the proposed parapet wall height is to conceal eventual rooftop units from view from the surrounding right-of-way.

The wall materials of the industrial buildings are proposed to be stand-up wall panels that will include stone patterns at various intervals as well as variations in the depth and height to add character to the 884 ft long buildings. With the stone, the walls will be painted in earth tones and include galvanized steel awnings and glass to complement the existing commercial development along Randall Road.

Phasing Plan – The first phase of the proposed development will include mass grading for the entire site, installation of all of the public improvements (e.g. roadways, stormwater, etc.) , and construction of two industrial buildings. Phase II construction and any retail development will happen at a later date after receiving PUD approval.

Findings of Fact

The following findings of fact should be used if the Commission recommends approval of the project:

1. The “Final Plat of 1st Resubdivision of Algonquin NorthPoint Corporate Campus” and Final PUD requests for Lots 2 and 5 and outlots A and B are in substantial compliance with the Preliminary Plat and Preliminary PUD approved by the Village Board on November 17th, 2021.

Staff Recommendation

Staff recommends approval of the final plat of resubdivision and the final PUD for Lots 2 and 5 and outlots A and B as the proposal is consistent with the previously approved Preliminary PUD, subject to the conditions listed below. Based on these findings, staff recommends that the Planning and Zoning Commission make a motion to adopt staff’s findings as the findings of the Planning and Zoning Commission and recommend **approval** of the following motion:

1. “To accept the Findings of Fact as stated in this staff report and to approve the Final Plat of Resubdivision titled “Final Plat of 1st Resubdivision of Algonquin NorthPoint Corporate Campus”, as prepared by Manhard Consulting LTD, with the latest revision date of January 25, 2022, and Final PUD for Lots 2 and 5 and Outlots A and B of the 1st Resubdivision of Algonquin NorthPoint Corporate Campus, as outlined in the staff report for case PZ-02-22, subject to the following conditions:
- a. The developer shall prepare covenants to address issues including, but not limited to, cross-access, cross-parking, stormwater detention facility maintenance, parkway maintenance, shared property maintenance, shared refuse, and similar joint responsibilities between the owners, and the covenants shall be submitted to the Assistant Village Manager and Village Attorney for review and approval prior to issuing the second final certificate of occupancy;
 - b. A Private Property Enforcement Agreement shall be executed with the Algonquin Police Department prior to the issuance of any Certificate of Occupancies; and
 - c. A preconstruction meeting shall not be held until all comments from the Christopher B. Burke Engineering, LTD report dated February 8, 2022 and the Village of Algonquin Staff memo dated February 10th, 2022 are addressed.”

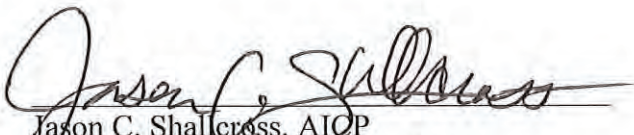

The Village Board’s decision is final for this case.

Christian Evangelista of NorthPoint Development, the Petitioner, verbally presented a brief overview of the NorthPoint Algonquin Corporate Campus to be located at the southwest corner of Longmeadow Parkway and Randall Road. This project was approved for Annexation, Zoning, and Preliminary Planned Development on November 17th, 2021. Village Staff also presented an overview of the site plan, grading, and elevations.

Chair Patrician called for public comment to be open – Staff Member Patrick Knapp read a letter from Ben Mason of 1200 L W Besinger Drive, Carpentersville, IL 60110, Community Development Director for the Village of Carpentersville, requesting additional landscaping on the west side of the NorthPoint Algonquin Corporate Campus. AGENDA ITEM

<u>MEETING TYPE:</u>	Village Board
<u>MEETING DATE:</u>	April 19, 2022
<u>SUBMITTED BY:</u>	Jason C. Shallcross, AICP Patrick M Knapp, AICP
<u>DEPARTMENT:</u>	Community Development
<u>SUBJECT:</u>	Approval of an Amendment to the NorthPoint RDA

ACTION REQUESTED:

NorthPoint Development, LLC has requested the east leg of Broadsmore Drive be reconstructed as part of the Phase 2 improvements of the NorthPoint Algonquin Corporate Campus and no longer as part of the Phase 1 improvements.

PREVIOUS ACTIONS:

The original Redevelopment Agreement by and between the Village of Algonquin and NorthPoint Development, LLC was approved on December 7, 2021.

DISCUSSION:

A change in the construction phasing of the future traffic signal at Boardsmore Drive and Randall Road has facilitated a need to move the improvements of the east leg of Broadsmore Drive to the second phase of the NorthPoint Algonquin Corporate Campus development rather than the first phase of development. Requiring the east leg improvements of Broadsmore Drive in the first phase will delay the construction of the entire NorthPoint Development. The first phase of the intersection improvements will still include the new western leg of Broadsmore Drive, the installation of the new traffic signal, and the new sidewalk/bike path connection across Randall Road. The improvements to Broadsmore Drive on the east side of the intersection will now be required as part of NorthPoint Development's Final PUD approval of the second phase.

RECOMMENDATION:

Staff recommends that the Village Board approve an Ordinance to amend the Redevelopment Agreement by and between the Village of Algonquin and NorthPoint Development, LLC.

ACTION REQUESTED:

NP BGO Algonquin Corporate Center, LLC applied for approval of a Final Plat of Resubdivision and approval of Final PUD for Lots 2 and 5 and Outlots A and B of the NorthPoint Algonquin Corporate Campus PUD.

It is in the best interest of the public to create a Special Service Area to levy special taxes against the area to finance any special services. These special services include:

- the maintenance, restoration, preservation, and replanting of vegetation and landscaping
- the maintenance, repair, restoration, dredging, and removal of sediment or obstructions of and/or from any stormwater management, detention, or retention area within NorthPoint, as well as any cutting of grass or replanting of vegetation or landscaping within any of such areas within the NorthPoint as deemed necessary and appropriate
- the maintenance, restoration, repair, replacement of any subdivision monument sign as well as vegetation and landscaping proximate to such sign within NorthPoint as deemed necessary and appropriate
- the administrative, professionals', engineers', attorneys', consultants', and contractors' fees incurred by the Village relative to the provision of any of the above described special services as deemed appropriate

The term of the proposed Special Service Area would be perpetual and the nature of the special services is new construction and/or maintenance with NorthPoint.
