A public hearing held for the purpose of receiving comments on the Project Summary and Preliminary Environmental Impacts Determination for the Upgrades of the Wastewater Treatment Facility.

1. Roll Call Establish a Quorum
2. Overview of Program
3. Public Comment
4. Adjournment

Notice of Public Hearing

The Village of Algonquin has submitted a loan application to the Illinois Environmental Protection Agency seeking funds to construct improvements to the wastewater collection system and treatment facility. Replacement of the sanitary sewer in the Downtown will reduce infiltration, inflow and surcharging during peak wet weather flow conditions. Upgrades at the wastewater treatment facility are needed to replace equipment that has surpassed its service life. Section 365.330 of the Illinois Procedures for Issuing Loans from the Water Pollution Control Revolving Loan Program requires that the IEPA conduct an assessment of the environmental impacts of the proposed wastewater projects to be funded with loans. This review was carried out in conjunction with the State's review of the Village's facilities plan. Prior to final approval of the plan, the public's comments are sought regarding environmental impacts of the proposed project.

The IEPA has reviewed the facilities plan and has determined the project to be technically sound and cost-effective. Unless new information gained from the public causes a reconsideration, the Agency will approve the facilities plan at the close of the public comment period.

The Village of Algonquin is making available for public inspection and comments a Project Summary and Preliminary Environmental Impacts Determination (PEID). That document is available for public inspection at Public Works Department, 110 Meyer Drive, Algonquin, Illinois at any time during regular business hours. A copy of the document may also be viewed online at the Village of Algonquin website, www.algonquin.org.

A public hearing will be held for the purpose of receiving comments on the Project Summary and Preliminary Environmental Impacts Determination on Tuesday, March 12th, 2019 beginning at 7:25 PM. The public hearing will be held in the Ganek Municipal Center, 2200 Harnish Drive, Algonquin Illinois. Written comments on the Project Summary and Preliminary Environmental Impacts Determination may be submitted at any time up to and including March 22nd, 2019. Written comments may be submitted by mail to either of the following:

Jerry Kautz, Village Clerk
