

Village of Algonquin

The Gem of the Fox River Valley

July 23, 2020

Dear Algonquin Residents-

We wish to inform you of upcoming construction activity that will be commencing in your area on Thursday July 30th at the earliest.

The Village is making improvements/modifications to the water distribution system to provide consistent pressure and water flow in this area by replacing an old Pressure Reducing Valve with a new one as well as water main modifications to enhance water flow.

The improvements/modifications will require several of the activities listed below:

- Excavation on the south side of Huntington Rd. just west of Stonegate for a new Pressure Reducing Station.
- An excavation on Stonegate Rd. north of Huntington at Salford Dr. to remove an old Pressure Reducing Valve that is in a valve vault.
- Removal and replacement of water main and other equipment in various locations.
 - South side of Harnish Dr. between Sawmill Ln. and Majestic Dr.
 - Between 560 and 570 Sussex Ln.

The work may impact you and your residence in the following ways:

- Public sidewalk removal and replacement.
- Curb and gutter removal and replacement.
- Pavement removal and replacement.
- Excavation in the Village Right of Way on both sides of the public sidewalk.
- Temporary shutdown of water to your home, **prior notice will be provided.**
- Partial road closures.

The majority of the work is scheduled to be completed during the 2020 calendar year, however complete restoration may not occur until Spring 2021 due to conditions late in 2020.

The Village has hired Engineering Enterprises Inc. (EEI) to design and provide construction oversight on this project. The Resident Engineer will be Mike Schweisthal and his cell phone number is 630-878-1373. You can call him if you have questions or concerns. You can always call the Village Public Works Department at 847-658-2700 and ask for John Heinz or Victor Ramirez, Project Engineers.

We thank you in advance for your understanding and patience while we perform this work. We will do our best to minimize inconveniences that may arise from time to time.

Please contact us if you have any questions.

Sincerely,

Robert G. Mitchard II
Public Works Director
