5. **Questions/Comments**
   Mr. Schloneger introduced a new topic. He stated the Village was approached by the School District to do an intergovernmental agreement regarding the TIF. The School
District and Library District have automatic reimbursements based on school children and patrons moving into the TIF area according to the State Statutes. The School District proposes to have the right to waive the standard tuition reimbursement and if waived, the Village, based on having budgeted for the waived tuition reimbursement, would declare a surplus, which amount would be distributed to all taxing bodies. The agreement specifically states in terms of the TIF, years 1-10 the standard tuition reimbursement would be in effect with no declared surplus; years 11-15 an 8% surplus; 16-20 years a 16% surplus; and years 21-23 a 24% surplus. Mr. Schloneger stated he will present this intergovernmental agreement to the Village Board for approval.

Mr. Schloneger stated the Village has also worked with the Fire District to address their concerns regarding building codes and life safety standards. The Village is committed to enhancing building safety as properties redevelop in the TIF district.

Mr. Stanton commented that he would like to congratulate Tim on behalf of the Village and Susan Harkin on behalf of the School District for all their hard work and pushing to get this accomplished in a short time frame. Because of the cooperation, the School District now has a new policy to work with communities proposing TIFs instead of a standard policy of opposition. The long term relationship with the Village and School District is terrific and appreciated.

6. Consideration of a Resolution Regarding the JRB Advisory Recommendation that the proposed Downtown Redevelopment Project Area satisfies the requirements of the TIF Act and that the Plan be approved by the Village Board.
Mr. Schloneger asked for a motion to approve the resolution. Mr. Stanton, School District, made a motion to approve the resolution and Chief Mullen, Fire District, seconded the motion. A roll call vote noted all ayes, no nays. The motion to approve the resolution was passed unanimously. Mr. Schloneger asked all members to sign the resolution.

7. Review Timetable and Next Steps
Mr. Rychlicki stated the Public Hearing will be on September 16 at 7:15pm. Village staff will send out appropriate notices to all per State Statutes.
