

Highland Avenue Water Main Extension

Project Information

The **Highland Avenue Water Main Extension** project will address water supply reliability issues caused by dead ends and long service leads.

Work Area: Spring Creek Farms, specifically the area south of the Presidential Park parking lot north of Highland Avenue with a connection to Fox Run Lane.

Project Schedule

Construction Year: 2023

Project Details

- Improve water supply reliability to the area through a new water main route and closed loop system.
- Construction prior to Presidential Park reconstruction.
