

# Tunbridge Subdivision Improvements

## Project Information

The **Tunbridge Subdivision Improvements** project will replace the existing asphalt roadway, improve stormwater drainage, and evaluate concrete flatwork for repair and replacement.

**Work Area:** Tunbridge Subdivision, south of Sawmill Drive, west of the Golf Club of Illinois, and south to County Line Road.

## Project Schedule

**Construction Year:** 2023

## Project Details

- Rehabilitation of the asphalt using full-depth reclamation (FDR) process.
- Repair and replacement of select curb, sidewalk, and storm structures.
