FISHMAN MILLER PC

ATTORNEYS AT LAW

The Algonquin Recreation Department is excited to partner with Fishman Miller PC Attorneys to offer FREE educational workshops/seminars to our community! Together, Jack Fishman, ESQ. and Anne Miller, ESQ. have over 50 years of combined experience working in law specializing in estate planning, business and corporate law, mediation, corporate bankruptcy, elder care and animal law, however, their areas of expertise go far beyond those. They are excited to begin offering seminars in the community and share their knowledge helping educate others in the community. For further questions about the upcoming workshops or other information, both Jack and Anne can be reached at (847)977-2500.

College Age or Young Adult Children??

Know Yours and Their Rights!

Why do young adults, including those who may be planning for or going off to college, or entering the workforce, need at least basic estate documents? Why is financial planning and possibly planning for college expenses, something that both the young adult and their parents should be discussing, both before and after the young adult reaches the age of 18? There are a myriad of reasons and complications that even individuals with limited assets, as they begin their working career, or as they head off to college, may need to understand. Further, nonfinancial documents, such as health care powers of attorney and HIPAA authorizations, authorizing parents, or not, to have access to certain school or medical records that they would no longer be able to obtain because of the child's age, are topics for discussion.
