

Dixie Creek Reach 5 Restoration

Project Information

This project will rehabilitate Dixie Creek Reach 5 through streambank stabilization and ecological restoration. The work will be performed in coordination with the Braewood Lift Station improvement project.

Work Area: Reach 5 of Dixie Creek, south of Gaslight Drive between Spring Hill Drive and Braewood Drive.

Project Schedule

- **Start:** Summer 2024
- **Finish:** Fall 2025

The project schedule is subject to change.

Project Details

- Restoration of 700 linear feet of Dixie Creek
- Repairing and reinforcing eroded banks to enhance creek stability
- Naturalization of streambank with native plantings
